

HANCOCK COUNTY EAGLE

BAY ST. LOUIS, MISS., THURSDAY, JUNE 25, 1964

Subscription \$2.00 a Year — Single Copy 5c

Pageant Saturday

ANN CLARK

SUE WALTERS

DIANNE MILLER

The annual Miss Bay St. Louis pageant will be presented by the Bay St. Louis Junior High School Auditorium, 111 Carroll Avenue, on Saturday, June 26, at 8 p. m. in the school auditorium. The official franchised promoter is the Miss America Pageant.

Local girls will compete in the pageant, wearing evening gowns and tiaras. In addition to the pageant, there will be a variety of entertainment, including a musical performance by the Bay St. Louis High School band and a play by the Bay St. Louis Junior High School.

The pageant will be judged by a panel of local dignitaries. The winner will represent Hancock County in the Miss America Pageant.

tered in the State Pageant at Vicksburg in late July. The State winner will go on to the Miss America Pageant. Her local awards will be her crown and trophy, a \$100.00 cash scholarship award, and many items of merchandise. The 1st and 2nd alternates will also receive trophies.

CONGRESSMEN APPEAL FOR PROTECTION

(By Senator John Stennis) WASHINGTON - Some members of Congress have appealed to the President of the United States for "protection" of Freedom Riders who have announced plans to invade Mississippi this summer.

I have appealed to the President and the Attorney General of the United States to discourage these agitators and warn them to stay out of Mississippi. I have had no response from my appeal.

Moreover, I appealed to the Senate to adopt an amendment to the Freedom Riders bill that would outlaw the Freedom Riders' movements of people wanting to strike and trouble. The Senate refused to approve my amendment.

Later, last week, I offered a separate bill that would accomplish what my amendment had set out to do. I will continue to push for adoption of this bill.

The pattern of activities of the agitator groups is clear. They have been holding meetings, making speeches, organizing demonstrations and otherwise playing upon the emotions of both races and exciting them to a fever pitch. The actions almost always produce a powder keg situation in which riots, violence and even bloodshed follow.

When this point is reached, it then becomes necessary for the local law enforcement officials to take action to maintain law and order. The actions of the law enforcement officials in putting down the disturbances in Washington for Federal intervention. These appeals, regardless of the merits, all too often receive a preconceived and sympathetic response from Washington. That's what happened in Birmingham in May of last year.

These racial zealots are making their move which they hope will lead to the military occupation of Mississippi, and perhaps to other Southern States.

According to one nationally known newspaper columnist, "the real aim of the extreme Negro organizations is to secure the military occupation of Mississippi by Federal troops."

More than ever, it is essential that we exercise judgement, discretion and restraint. We can best serve and help the cause by leaving these matters to our State and local officials who are the ones to cope with the situation. We must back them to the limit. We must not try to take the law in our own hands.

NASA News..

WASHINGTON - Senator John Stennis today said the Senate approved an authorization of \$38,801,500 for construction at the rocket testing site in South Mississippi for the next fiscal year beginning July 1.

Stennis, a member of the Senate Aeronautical and Space Sciences committee, said the Senate action today approves the authorization only, and that actual appropriation of the money will follow.

The rocket testing site, located in Hancock and Pearl River counties, has been under construction since the Fall of 1961 and is scheduled for full operation by the Fall of 1965.

Money obligated thus far for the project by the National Aeronautics and Space Administration (NASA) totals about \$250,000,000, but the overall cost to complete the project is estimated at a half billion dollars.

The site will test rocket engines to be used as boosters to launch the Saturn rockets into orbit in the nation's "moon-shot" program.

The South Mississippi site includes about 140,000 acres of land, of which 13,500 acres in the center are being purchased outright. The other 126,500 acres comprise the buffer zone on which the federal government is obtaining easements.

Army Engineers will receive bids at the Mobile, Alabama, district office on June 29 for extensive sitework at five locations at the NASA Mississippi Test Facility in Hancock County, Mississippi.

The Corps of Engineers is serving as the Marshall Space Flight Center's agent for land acquisition, design, engineering and construction in building the new rocket proving ground testing the first two stages of the Saturn V moon rocket.

The sitework will be required in the vicinity of the Central Control Building, the Data Handling Center, the Emergency Services Building, the Warehouse Area, and the Laboratory and Engineering Building, all of which are now under construction. It will include the provision of roads, parking areas, sidewalks, storm drainage, sanitary sewer lines, water lines, fire hydrants, fencing and grassing.

Bidding for the job will be restricted to small business concerns in the interest of assuring such firms a fair share of Government work.

All bids received for this work under a previous invitation were rejected as excessive.

PROMINENT BUSINESS WOMAN TAKEN BY DEATH THURSDAY

Mrs. Marguerite C. Kern, 68, widow of Joseph Kern died at 9:50 p. m. Thursday, June 18, in Hancock General Hospital where she had been admitted earlier in the day.

Owner of Kern's Five and Ten Cent Store in Bay St. Louis, Mrs. Kern had resided at 111 Carroll Avenue since coming here in 1942.

She was a native of Chicago, Ill.

Mrs. Kern was a member of Our Lady of the Gulf Catholic Church, Bay-Waveland Garden Club, Bay-Waveland Yacht Club, Chamber of Commerce and Altar Society.

Survivors are a son, Joseph E. Kern, Bay St. Louis; a granddaughter, and a brother, Ambrose Barbeau, Chicago, Ill.

Funeral services were held at 10:45 a. m. Saturday from Riemann's Fahey-Whitfield Funeral Home with a Requiem Mass at Our Lady of the Gulf Church celebrated by the Rev. Dennis Hausleum, New Orleans, at 3 p. m. with the Rev. Father Myers of St. Anthony's Church officiating. Pallbearers were A. C. Mitchell, Russel, Herbert Wise, J. E. Erwin, Alden Mauffray and Morris Burg.

Traffic Accidents This Week Cause Injury and Damage

\$1100 DAMAGE IN SUNDAY FIRE, AUTO ALSO BURNS

Fire Chief Walter Saucier reported a fire of undetermined origin at 4:45 p. m. Sunday destroyed a shed and its contents, estimated at approximately \$1,100 at the home of William Tate, 407 Sycamore Street.

Saucier said the shed and its contents were a total loss. The shed, connected to the back of the house, was estimated at \$500 and its contents at \$600.

Chief Saucier also reported he was called at 1:15 p. m. Monday to put out an automobile fire on North Beach. Very little damage was caused to the 1957 Oldsmobile, he added.

LOCAL NATIONAL GUARD RETURNS FROM SUMMER CAMP

134th Transportation Company (Light Truck) commanded by Capt. Wallace E. Farragut, returned from two weeks Summer Camp Sunday afternoon, with a Superior Rating of 96.68 at Camp Shelby, Mississippi.

Two trips to Memphis Tennessee took up most of the Company's time. The unit took part in two convoys from Camp Shelby, Mississippi to Memphis Tennessee in which over 100 tons of cargo were moved each time.

Training received on both trips was far better and more enjoyable than any previously received. Maintenance of vehicles, lashing and loading of cargo, messing operation, driver skills and technique while on highways along with safety procedures.

Since primary mission of a Truck Company is moving of supplies and personnel, safe, quick and sustained effort training received this year could not have been more appropriate.

U. S. COURT TO REVIEW STATE CASE

WASHINGTON - The Supreme Court will review a lower court decision dismissing a Justice Department challenge of Mississippi voter qualification and election procedures.

The high court agreed Monday to review a 2-1 ruling by a three-judge federal panel in Jackson, Miss., to toss out the suit.

The Justice Department had questioned the voter requirements and statutes in the Mississippi Constitution, charging that the state has promoted white political supremacy and racial segregation since 1890 by excluding Negroes from the ballot.

The department said that the franchise of half a million potentially qualified Negro voters was at stake in the case.

\$2 Million Highway Construct'n

The Mississippi State Highway Commission awarded a contract Tuesday in the amount of \$1,900,066.69 for construction on State Routes 43 and 602 in Hancock and Pearl River Counties, according to John D. Smith, Southern District Highway Commissioner.

Mr. Smith said the work will include 16,623 miles of grading, drainage, culverts, two box bridges, five bridges, base and paving on Highways 602 and 43 between Picayune and Mississippi Highway No. 603.

The low bidder was T. L. James and Company, Inc., of Ruston, La. The final awarding of the contract is subject to approval by the U. S. Corps of Engineers.

RECOGNIZED FOR OUTSTANDING WORK AT SCHOOL

Janet Blaise, daughter of Mr. and Mrs. Joseph Blaise of Tulsa, Oklahoma, was recognized at Bishop Kelley School for her work during her three years at the school.

During this time, she was a member of the Pep Club, vice president of her freshman home room, student council representative during her sophomore year and a member of the Science Club and Sodality; served as student council secretary and has attended some of the inter-city student council meetings. She also served as secretary of Symphony Sophomores and participated in the YCS and Symphony Debs.

She was recently elected to membership in the National Honor Society and was named vice president of the student council for the coming year.

Janet, who has maintained an A-B average, remains on the honor roll. She is the daughter of the former Hazel Kergosien.

MEDICARE BILL IS DROPPED

WASHINGTON - President Johnson's proposal for health care of the aged was dropped by the House Ways and Means Committee, which thus dealt a heavy blow at any chance of enactment this year.

The committee went on to try to fashion a bill to increase the cash payments to persons retired under Social Security, but deadlocked. More sessions were scheduled later today.

Proponents of the health care measure themselves moved to drop it from committee consideration, thus avoiding a certain vote against it.

The motion by Rep. Cecil R. King, D-Calif., co-author of the bill to provide health care under Social Security, also ruled out consideration of any alternative plan or any improvements to the existing system of state-federal health care for the indigent.

The committee adopted it by voice vote, it was reported. The effect was to narrow committee consideration to changes in the retirement system.

MRS. J. HEVERLING ELECTED NEW HEAD BAY JAYCETTES

Mrs. James Heverling was elected president of the Bay St. Louis Jaycettes at the Jun. meeting.

Others named to office were Mrs. Thomas O. Logue, first vice president; Mrs. Andre Arceneaux, second vice president; Mrs. L. Prendergraft, secretary; Mrs. Frank Hill, treasurer and Mesdames Bert Stieff, J. C. Koenig, Don Luxich and J. B. Levens, board members.

The new slate will be installed at the joint Jaycee-Jaycette banquet in July.

FIRE DEPARTMENT REVIEWS SIX MONTHS ACTIVITY

City Fire Chief Walter Saucier reported the department answered calls for eight automobiles, five houses, two sheds and eight grass fires and one false alarm during the past six months.

The amount of damage, he added, was \$23,960.

JUNIOR DANCE AT BWYC JUNE 27

A junior dance is scheduled for Saturday, June 27, from 8 p. m. to 12, at Bay-Waveland Yacht Club.

The Claudettes from Pass Christian will furnish the music. Donation will be \$1 per person.

Demos Re-Elect Colson, Seal

Joseph V. Colson, Waveland, was re-elected chairman of the Hancock County Democratic executive committee at the county Democratic convention Tuesday.

Leo W. Seal Jr., was re-elected secretary.

Colson, Dan M. Russell, Johnson Shaw, Garfield Ladner and Homer Gregory were named delegates to attend the district convention July 3.

The new Democratic committee approved by the convention were: BEAT 1. Charles Russ III, Pete Walker, Horace G. Davis Jr. BEAT 2. Elmer Alsbrook, Richard Tarver, John Whitfield. BEAT 3. Tom Harriel, John Ladner, C. J. Cameron. BEAT 4. Sam Favre, Leo Garriga, Omer Haas. BEAT 5. Leo Seal, Joseph Colson, Leonard Ladner.

Hancock County voted to send its five delegates to the July 28 state convention - Dan Russell, Johnson Shaw, Homer Gregory, Garfield Ladner and Joseph Colson - uninstructed. The county will have two votes.

HANCOCK RETARDED CHILDREN'S ASSOCIATION ELECTS OFFICERS

Officers elected by the membership of the Hancock County Retarded Children's Association to serve during the 1964-65 term were: Warren Carver, President; Russell Elliott, Vice President; Mrs. Lloyd Lewis, Secretary; Mrs. Edith Carver, corresponding Secretary; and Mrs. Yvonne Virgilio, Treasurer.

A letter from the membership commending her for the diligent work done during the preceding year was addressed to Mrs. Joseph Scharif, retiring president.

Indications are that there will be a maximum enrollment for the school year beginning next September. This means an enrollment of twelve educable children, says Mrs. Irma Baker of Logtown, who is principal of the school.

Meetings of the Association will continue to be held during the summer months with the meeting place to be in the Conference Room of Hancock General Hospital on the first Thursday of each month.

Because of the need for operating funds it was decided by the membership at its June meeting that the annual membership drive would be begun earlier than usual and plans are now being made for this drive.

TO MEET FRIDAY

Hancock County Home Demonstration Council will meet at 2 p. m. Friday at the Agriculture Center. All members are asked to attend.

Refuses To Rule On County Redistricting

WASHINGTON - The Supreme Court has refused to rule on a move to force officials of Hancock County, Miss., to compel a redistricting for the election of the five-member County Board of Supervisors.

The high court dismissed the appeal Monday, noting this was done because of a lack of jurisdiction.

Four of the five state courts tossed out these complaints. They complained that the failure to redistrict would deprive voters of both state and federal representation.

The county has 1,040 voters and a total assessed valuation of \$2,535,830 to 7 p. m. Exhibits will be removed at 7:15 p. m. The public is invited.

HOBBY SHOW SLATED JUNE 30

The Hancock County Home Demonstration Council will sponsor a hobby show Tuesday, June 30, at the Methodist Fellowship Building, corner Main and Cue Streets.

Entries for the show will be received at 7:45 a. m. and the show will be open to the public from 9:30 to 7 p. m. Exhibits will be removed at 7:15 p. m. The public is invited.

FUNDS APPROVED FOR WAVELAND

Mayor Garfield Ladner, Waveland, was advised earlier this week by Congressman William Colmer that the Community Facilities Administration has approved Public Works Planning Advance of \$8,900 in connection with Waveland's proposed sewer facility.

BAY SWIMMERS IN DUAL MEET

The Bay swimming team will compete in a dual meet Saturday morning at Keeler A. F. B.

The group of approximately 45 swimmers will be accompanied by Mesdames P. E. Porter Jr., Fred Wagner and L. Stephens.

KAYCEES ATTEND JACKSON MEETING

Members of Pere Le Duc Council who attended exemplification of first, second, and third degree in the Knights of Columbus at John T. Savage Council, Jackson, were George, Belmont, J. H. Benvenutti, J. N. Benvenutti, Roger Reinken, Charles Poolton Jr., Charles Selanna, Phillip Seaford, A. J. Monti, Edward Murtugh, Sam Comprette, Donald Ladner, Tony Morealle, Jack Sotik, Rodney Sandoz, Carl Sanders, Sylvester Benigno and Henry Prevost.

SOME OF THE PARTICIPANTS in the Shipwreck Party at the Bay-Waveland Yacht Club last Saturday night; are shown above. Prize winners for best costumes at the Bay-Waveland Yacht Club Shipwreck Party were Mrs. Charles Bryan and David Pointedest. Shown on the left, Mrs. Herbert Schaefer, center and Mr. and Mrs. Walker Weaver are looking on.

Mr. and Mrs. Lucien Gex Jr. captured the prize for the best costume couple at the shipwreck party at Bay-Waveland Yacht Club Saturday night. The prize for the best woman's costume was won by Mrs. Charles Bryan, and by David Pointedest. The club was decorated with musical themes and music for the party.

Don't know whether or not you have ever had Cherry Bounce. It is made by fermenting little wild cherries and alcohol mixed with sugar. There are a lot of Bay, but this year there are few cherries left on them. Domestic the berries. So we can't make any Cherry Bounce this year. My mother told me there would be years like this when we used good old "Skinney" as the main ingredient.

It's good news to know that shrimp are being caught. Won't have to pay 85c a pound for frozen shrimp to go fishing.

Now that the sking season is at hand, won't you, who ski have a little regard for the poor devil from him, slow down in courtesy. Remember you can be reported to the Coast Guard and your sking days will be over. Let's all have a good time! There's room for all in our wide rivers.

Just as a reminder, your fishing licenses are due now. Better to be yourself and the game warden embarrassed by getting them.

Understand that floundering is picking up but soft crabbing is not so hot. We still have a few months to go.

Remember when you have a paddler while fly fishing he has a heart too. Treat him courteously. Maybe he should be in the front

LAKEHORE AND CLERMONT HARBOR NEWS

Friday, June 19 a meeting was held at the Clermont-Lakeshore Youth Center with the teens of our community to recognize our youth center. Margie Lenfant was elected advertisement chairman and Sharon Ladner, chairman of entertainment.

All adults are urged to attend a meeting Friday, June 26 at the center at 8 o'clock for the purpose of electing officers for this year.

Monday, June 29 there will be a teenage meeting at 8 o'clock at the center. Sharon will give a report as to what band she has engaged for the first dance which has been scheduled for July 11.

Door prizes will be given at all meetings. So, to all parents and adults of this community who are really interested in their teenage children, please attend this meeting June 26 and help the ones who are now trying to give us teenagers a clean, respectable, place to spend our Saturday nights, because it is not good for us to have nothing to do and no place to go on Saturday nights, for this is the age where young people have to learn to meet and get along with other young people and to be able to have entertainment together in a respective way.

We would like to extend a special welcome to the newcomers of our area.

The Civics Association of Clermont Harbor held its regular monthly meeting Saturday night. All regular meetings are held every third Saturday of the month. All civic minded people of this area are urged to attend all meetings, especially the business places. Let's have a big turn out at the

of the boat instead of you. Only kidding fellows.

Flew over the Bay last week. It was a beautiful sight to see the greenery, our fishing spots, golf course etc. Of course some of you are thinking of the fellow who said "More Firma, less terror." I kinda agree with him, stay on the ground.

Wish I had a tape recorder when fishing with some people. The conversations go something like this. Sorry I crossed your line, the wind caused it. Paddler back up I caught a fish, there might be another one there. Boy those gnats and mosquitoes are terrific. Here's some mosquito dope. Or shucks, I left it in the car. Quit gripping, we will catch some fish later. I caught them here by the hamper full last year. How about passing me a beer. Did you see that one? He must have been four pounds. Quit dropping those bottles on the floor of the boat, they will scare the fish. How big was that fish you caught yesterday? And they say all fishermen are liars. Let's go, I'll catch it when I get home. Running late now.

LOCAL SPORTSMAN

J. C. "DOC" ROLAND, SR.

Had to look in the phone book to get Doc's initials. He is known by his friends as just Doc. As a sportsman, he is tops. Playing cards is his favorite pastime. Being a pharmacist for years he is known by most everyone. Witty, he loves good jokes and like most of us, loves talking with folks. As a fisherman he says he's not much.

next meeting. There will be a meeting of officers. This association has a lot of plans for this year. Don't Miss This Next Meeting!

Matt Hannik has returned to his home in Clermont Harbor for the summer from Miami, Fla., where he is attending the University of Miami. Matt is majoring in Oceanography.

Mr. and Mrs. Milton Stoufflet and son Ortle, of Lakeshore moved to South Carolina this past week to visit with their son-in-law and daughter, Mr. and Mrs. Robert Pool.

The Stoufflets brought their daughter back to Lakeshore for a little vacation.

Rev. and Mrs. Dale Wright are leaving for Texas where they will visit with relatives and friends. Rev. Wright is pastor of the Lakeshore Baptist Church.

Mr. and Mrs. Ernest Bounds and family have returned to their home in Pasadena, Texas after spending a few days visiting in Lakeshore with Mrs. Bounds sister, Mrs. Edgar Williams and family.

Mr. Harold Garcia of Clermont Harbor who is employed at the Standard Coffee Co. in New Orleans has been on vacation.

Besides working on his cabin which he rents out, he has been floundering almost every night and has more to show than just a fish story to tell.

Mrs. Katherine Paul of Etro Subdivision Lakeshore, is in New Orleans with her mother who is very ill. Also, speedy recovery to Hickey Schwartz who was stuck by a catfish.

Belated birthday wishes to Mrs. Bertie Lohman who celebrated June 19, Mrs. Lohman is the daughter of Mrs. May Courge.

Get well wishes to Mrs. Wm. Hudson who had to be hospitalized.

STATE OF MISSISSIPPI OFFICE OF SECRETARY OF STATE

JACKSON CERTIFICATE OF INCORPORATION OF BAY TERRAZZO, INC.

The undersigned, as Secretary of State of the State of Mississippi, hereby certifies that duplicate originals of Articles of Incorporation for the above named Corporation duly signed and verified pursuant to the provisions of the Mississippi Business Corporation Act, have been received in this office and are found to conform to law.

Enjoy Campfire, Inc. has been chartered to provide campfires for all day picnics and barbecues by Mrs. Lafontaine and daughter Shelley, Mrs. Bert Ladner and daughters Karen, Donna and Elise, Mrs. Moran, daughter Rachel, Mrs. Bowman and daughter Kim, Mrs. Malvin Ladner and daughter Kelly and Mrs. Carver and daughter Lucy.

GAINES RITES

Funeral services for John G. Gaines Sr., 72, who died Saturday in Kansas City, were held Tuesday in Prairie Village, Kansas.

Mr. Gaines was the brother of Mrs. Douglas Bourgeois and Mrs. Horace L. Kergosien of this city.

ed due to a bad cut on her leg.

Birthday wishes to Allen Green who will celebrate his 14th birthday June 29.

CHANCERY SUMMONS NO. 9428

THE STATE OF MISSISSIPPI To Mrs. Mary Hatfield, if alive and if dead, her unknown heirs at Law or Legatees; Unknown Heirs at Law of Jason Rowe, deceased; and any and all other persons having or claiming any legal or equitable interest in the land situated in Hancock County, Mississippi, and more particularly described as follows, to-wit:

The North half of Lots 8 to 12, inclusive, Block 1, Mickerson's Subdivision, Third Ward, City of Bay St. Louis, Hancock County, Mississippi, as per the official plat of said Subdivision recorded in Vol. D-8, page 434, Deed Records of Hancock County, Mississippi.

Together with all and singular the rights, privileges, improvements and appurtenances to the same belonging or in any wise appertaining.

You are summoned to appear before the Chancery Court of the County of Hancock, in said State on the 24th day of July, A. D. 1964, in the Chancery Court Room at 3:00 o'clock P. M. in Gulfport, Harrison County, Mississippi to defend the suit No. 9428 in said Court of said State.

The same being a suit to quiet and confirm complainant's title to said land above described where-in you are a defendant.

This 20th day of June A. D. 1964.

(SEAL) MARIE E. QUINTINI Chancery Clerk

By Vera L. Breland, D. C. 6/25/4time

FORESTRY NOTES

Mississippi Forestry Commission Forester H. O. Mackey of Hancock County awarded land owners of some of the services offered by the Forest Management Department of the Mississippi Forestry Commission.

OWNERS MAY GET ON THE GROUND

Private landowners who own land in Hancock County are responsible for the management practices on their land. The Commission also manages the timber on some 5,000 acres of the Camp Shelby military reservation, State Parks and Kuhn State Forest in Greene County.

Other activities of the Forest Management Department include operation of three state nurseries, at Mt. Olive, Waynesboro and Wilmot, for the production of planting stock for landowners in Mississippi.

The Commission also carries out the responsibilities of the Forestry Bank program as outlined in the Forestry Bank act of 1950.

If you need aid with your timberland fee free, call Forester Mackey, telephone number HO-7-4711.

BROTHER OF WAVELAND RESIDENT DIED

Funeral services for John Jules Weinfurter, 42, were held Friday afternoon from the P. J. McMahon and Son Funeral Home in Greenwood Cemetery.

Mr. Weinfurter, ticket agent for National Air Lines, New Orleans, died Thursday at 6 p. m. at Hancock General Hospital, Bay St. Louis.

He was visiting his brother, Jules Alvin Weinfurter, Bay St. Louis, at the time of his death.

He was the son of the late John Jules Weinfurter Jr., and the late Julia Hoerske Weinfurter.

DIVISION OF STATE AID ROAD CONSTRUCTION MISSISSIPPI STATE HIGHWAY DEPARTMENT BOARD OF SUPERVISORS OF HANCOCK COUNTY SECTION 900

Sealed bids will be received by the Board of Supervisors of Hancock County at Bay Saint Louis, Mississippi, until 2:00 o'clock P. M. July 14th, 1964, and shortly thereafter opened for:

Construction of Grading, Drainage, Bridges, Base Course and Double Bituminous Surface Treatment on the Rocky Hill Road between Mississippi Highway 603 and Dedaux School known as Federal Aid Secondary Project No. S-1102 (2) B.

Principal items of work are approximately as follows:

ROADWAY ITEMS

Lump Sum

1. L. S. Clearing and Grubbing

2.745 Acres Random Clearing and Grubbing

1.0 Unit Removal of Old Bridge Sta. 186-55

32,259.0 Cu. Yds. Unclassified Excavation (Borrow) (F. M.)

1,181.0 Cu. Yds. Unclassified Excavation (Stripping Pits) (F. M.)

3,000.0 Cu. Yds. Unclassified Excavation (Stripping Pits) (F. M.)

334,266.0 Sta. Yds. Haul of Excavation (F. M.)

1,161.0 Units Haul of Unclassified Excavation (Special)

1,400.0 Cu. Yds. Gravel Surface Course (Clay Gravel) Ramps & Bridge Ends)

109.37 Cu. Yds. Class "B" Concrete (Culvert & Headwalls)

12,259.0 Lbs. Reinforcing Steel

67.0 Tons Loose Rip Rap

144.0 Lin. Ft. 18" Reinforced Concrete Pipe Culvert (SS)

126.0 Lin. Ft. 24" Reinforced Concrete Pipe Culvert (SS)

108.0 Lin. Ft. 48" Reinforced Concrete Pipe Culvert (SS)

36.0 Lin. Ft. 54" Reinforced Concrete Pipe Culvert (SS)

60.0 Lin. Ft. 66" Reinforced Concrete Pipe Culvert (SS)

84.0 Lin. Ft. 36" x 23" Reinforced Concrete Arch Pipe Culvert

42.0 Lin. Ft. 51" x 31" Reinforced Concrete Arch Pipe Culvert

90.0 Lin. Ft. 15" Plain Concrete Pipe Sidedrain

82.0 Lin. Ft. 18" Plain Concrete Pipe Sidedrain

558.0 Lin. Ft. Pipe Removal (All Sizes)

3.0 Each Warning Signs

3.0 Tons Commercial Fertilizer (8-8-8)

16,510.0 Sq. Yds. Sprigging

BASE AND SURFACING ITEMS

ALTERNATE NO. 1 - CLAY GRAVEL BASE

32,578.0 Units Haul of Selected Material

9,428.0 Cu. Yds. Roadbed Topping (Selected Material, Base) (O.P.M.)

1,150.0 Cu. Yds. Clay Gravel Base Course (L. V. M.)

1,800.0 Sq. Yds. Mixing, Shaping and Compaction

3,680.0 Gals. Cutback Asphalt for Prime Coat

3,325.0 Gals. Asphalt Cement for Surface Treatment

35.0 Cu. Yds. Cover Aggregate (Type I or Type IV)

43.0 Cu. Yds. Seal Aggregate (Type VI-Slag or Crushed Gravel)

ALTERNATE NO. 2 - SOIL CEMENT BASE

14,367.0 Units Haul of Selected Material

1,742.0 Cu. Yds. Roadbed Topping (Selected Material, Base) (O.P.M.)

BRIDGE ITEMS

ALTERNATE A - Precast Concrete Spans and 60 Foot WF Beam Span

1.0 Unit Precast Wings

16.0 Each 18" Precast Concrete Spans (Curb Unit)

35.0 Each 18" Precast Concrete Spans (Int. Unit) (3'-6")

5.0 Each 18" Precast Concrete Spans (Int. Unit) (2'-6")

4.0 Each Precast Concrete Caps (End Unit)

424.0 Lin. Ft. Railing (Concrete Posts)

4,732 MBM Treated Timber

3.0 Each Test Piles (Untreated Timber)

2,015.0 Lin. Ft. Treated Timber Piling

32.58 Cu. Yds. Class "B" Bridge Concrete

36,775.0 Lbs. Reinforcing Steel

9,598.0 Lbs. Reinforcing Steel

2.0 Each Test Piles (Steel 10 BP @ 42 LB.)

910.0 Lin. Ft. Steel Bearing Plates (10 BP @ 42 LB.)

ALTERNATE B - Flat Slab Spans and 60 Foot WF Beam Span

4,735 MBM Treated Timber

3.0 Each Test Piles (Untreated Timber)

2,015.0 Lin. Ft. Treated Timber Piling

214.80 Cu. Yds. Class "B" Bridge Concrete

6,775.0 Lbs. Reinforcing Steel

39,054.0 Lbs. Reinforcing Steel

424.0 Lin. Ft. Steel Railing

2.0 Each Test Piles (Steel 10 BP @ 42 LB.)

910.0 Lin. Ft. Steel Bearing Plates (10 BP @ 42 LB.)

NON-PARTICIPATING ITEMS

2.0 Each Project Signs

Contract Time: 270 Working Days

RASIS OF AWARD: The award, if made, will be made to the lowest qualified bidder on the basis of published quantities.

Plans and Specifications are on file in the office of the Chancery Clerk of Hancock County at Bay Saint Louis, Mississippi, and in the office of the State Aid Engineer, Southern Farm Bureau Life Insurance Building, Jackson, Mississippi.

Proposals may be secured from Mr. Marie E. Quintini, Chancery Clerk of Hancock County, Bay Saint Louis, Mississippi, upon payment of \$5.00, which will not be refunded.

Certified check or bid bond for five percent (5%) of the total bid payable to Hancock County and the State of Mississippi must accompany each proposal.

Bidders attention is invited to Supplement to Special Provision No. 1 which sets forth predetermined minimum wage rates which shall be in effect for this project.

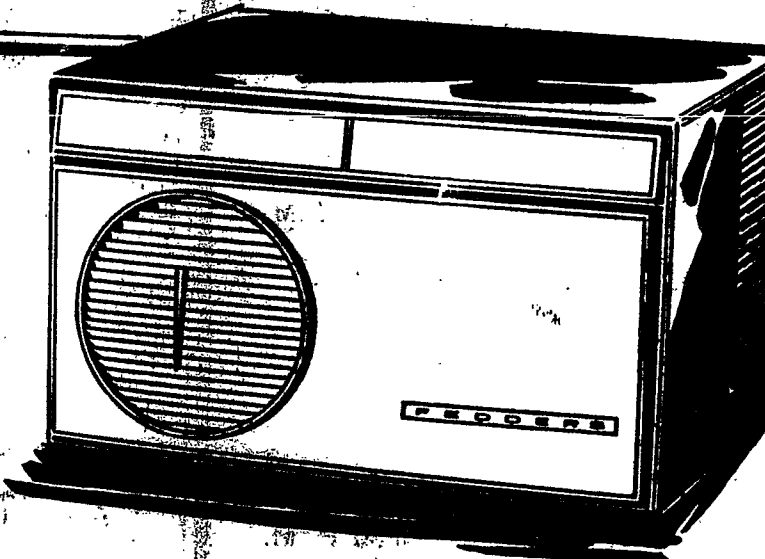

Bidders attention is directed to Form A-1, Non Collusion Affidavit in the proposal. Failure to fill out, properly sign and notarize this affidavit will disqualify the bid.

Bidders are hereby notified that this project may be bid in combination with Project No. SAE 23 (3) Dummy Line Road Joint bids on these contracts must be tendered in compliance with requirements included in the proposal for each contract.

Bidders are hereby notified that any proposal accompanied by letters qualifying in any manner the condition under which the proposal is tendered will be considered an irregular bid and such proposal will not be considered in making the award.

MARIE E. QUINTINI, Clerk of the Board of Supervisors

What every Southerner should know about air conditioners...

First-when the weather bureau says its 90°-they mean 90 in the shade. Out where your air conditioner is operating it may be 20 to 25° hotter. This is where the ordinary air conditioners stop cooling to prevent their over-heating.

But, FEDDERS is stubborn. They build air conditioners to keep you cool when it's 115°! Just one reason why FEDDERS cool rooms faster, keeps 'em that way!

FEDDERS is as precisely engineered as a fine watch, but as rugged as a Sherman Tank. Nothing tops 'em when there's a cooling job to be done.

BUT MOST IMPORTANT-Only FEDDERS COOLS the air just before it gets to you. Other air conditioners pull air through the coils, then through the hot fan to you. Stands to reason they have to work harder to get the job done. But FEDDERS blows the air through the COOLING COILS to you. Gives you more cooling power for the same amount of work. Smart idea - from FEDDERS.

No wonder FEDDERS is first in the South. Largest selling air conditioners for 11 straight years.

Don't you think you deserve the best air conditioner for the climate? It costs no more than an ordinary one. Make sure its FEDDERS.

World's largest-selling air conditioners-FEDDERS

What a shot! Photographers love to find a scene like this. Flowing water... a background of trees... a church spire in the distance... these always make an outstanding picture.

Wherever we travel we see Christian churches in harmonious settings, and there's a tendency to think of them as "part of the scenery."

But what an important part they are! Every one is a House of God, dedicated to His service. Every one is a community focal point, helping in a thousand ways to broaden and beautify the lives of its members. And every one is a vital link in the shining chain of Christian belief that stretches around the world.

Not far from where you live, there's a church that could give your life a new dimension. Whatever doubts and fears you may have, bring them to God in His House. You can rely on His promise that He will not leave you comfortless.

Associate Degree Nursing Program

MATTHEWS, MISS. — An Associate Degree Nursing Program will be initiated at the Natchez Resident Center of the University of Southern Mississippi beginning with the Fall Quarter of the 1964-65 school year in September, according to an announcement by Dr. Paul C. Morgan, director of the USM Division of Continuing Education.

This new program, sponsored and conducted by the University's Division of Continuing Education at the Natchez Resident Center, will be carried out through the cooperation of Jefferson Davis Memorial Hospital in Natchez where student nurses will gain the major portion of their on-the-job practical experience.

The program will be under the direct supervision of Allen B. Thompson, director of the Natchez Resident Center.

The professional nursing program of the USM Natchez Resident Center is designed to prepare men and women to fill the many vacancies which exist in hospitals, clinics, and physicians' offices. It will provide the necessary education and clinical training for the student to be prepared to write the Mississippi State Board Examination for Nurses. Upon successful completion of the examination, the student will be licensed as a professional Registered Nurse (RN).

The curriculum of the program covers 21 months of liberal arts and nursing courses. Upon successful completion, the student will be graduated and will receive the Associate in Arts Degree.

Nursing students at the Natchez Resident Center will attend classes with other students in the liberal arts program. University and hospital officials feel that by attending classes with other than nursing students, the intellectual and social skills will be more fully developed.

Nursing courses will be taught by Natchez Resident Center faculty members, who will also direct laboratory experiences in the co-operating Jefferson Davis Memorial Hospital. The use of hospital facilities orientates the student to the nursing world where the student observes and participates in the regular operations of the hospital.

Basic nursing courses comprising 63 of the 119 total academic hours required for the Associate in Arts Degree in Nursing, General Education and related science courses comprise the other 56 required hours.

The summer session between the first and second years will be held at the Mississippi State Hospital at Whitfield, Miss.

To be accepted for the program students must be graduates of an accredited high school with a minimum of 16 acceptable units of credit and must have a composite standard score on the American College Test of at least 15. It is also highly recommended that anyone planning to enter the program have the following high

school credits: One year each of algebra, biology, chemistry, and general science.

The final deadline for new students to apply for admission to the University of Southern Mississippi for the Fall Quarter is August 25, but, since enrollment for the first class in the Associate Degree Nursing Program this fall will be limited, all interested students should apply as soon as possible.

For complete information on this new program, write Associate Degree Nursing Program, P. O. Box 794, Natchez, Mississippi.

UP 8 PER CENT STATE SEAFOOD VALUE \$8.6 MILLION IN 1963

The 1963 catch of fish and shellfish in Mississippi was 341.3 million pounds and it was valued at \$8.6 million, the Bureau of Commercial Fisheries, Washington, D. C. reported.

In its annual report of Mississippi Landings, the bureau noted that the landings decreased eight per cent in value, when compared with the 1962 report.

Leading edible species caught in 1963 were shrimp, oysters, red snapper and blue crabs; these four species comprised 93 per cent of the year's total edible production.

Hermes G. Hague, fishery reporting specialist, Ocean Springs, who prepared the report on the state landings, noted that lighter landings of fish for industrial use accounted for the overall decrease in volume. The increase in value, he said, was attributed to the improved menhaden prices and a value increase in shellfish.

Menhaden, as in the previous year, topped the list of sea food in volume and in value, caught in the state.

Finfish landings were 326.1 million pounds, valued at \$5.1 million; total shellfish landings (crabs), shrimp and oysters) amounted to 15.2 million pounds, valued at \$3.5 million.

Jackson County led the three "coast counties" in total landings, with a catch of 329.1 million pounds. However, the landings of menhaden, fish, for bait, reduction and animal food, in Harrison County were included in the Jackson County figure.

Harrison County led in shellfish landings with 11.5 million pounds.

Hague's report noted that heavy menhaden fishing in the western reaches of the Mississippi Sound brought criticism from sport fishing groups. "Research by competent marine biologists reveals that menhaden fishing does not catch sport fish species," his report states.

Other highlights of the report: Oyster landings of 4.7 million pounds were 126 per cent over 1962 and was one of the best harvests of recent years; Shrimp landings were up 54 per cent in volume but only 12 per

Pearl River Basin Development District Now Authorized

PEYDA TO PRED—Gov. Paul B. Johnson is shown signing into law HB 507, authorizing the creation of the Pearl River Basin Development District. The bill permits the 20 Mississippi counties in the river basin to create a "body politic and corporate" to work for the economic progress of the area through the planned development of the resources of the Pearl for navigational, recreational, conservational and industrial purposes. Next step in activating the district calls for affiliation of counties eligible to participate. With the Governor are (left) Maurice Dantin, Columbia, president and P. T. Lagrone, Jackson, executive director of the Pearl River Valley Development Association.

cent in value;

Total shellfish landings were 67 per cent greater than in 1962, but the value was up only 25 per cent.

Blue crab landings of 1.1 million pounds were 23 per cent over the 1962 catch;

Fish caught for industrial purposes of bait, reduction and animal food made up 99 per cent of finfish landings;

The menhaden catch was five per cent below 1962s but 12 per

cent greater in value;

Food finfish landings were down 16 per cent from the previous year.

Landings of grouper and red snapper were 2.3 million pounds, valued at \$501,000.

The report also stated that the commercial fishing industry enjoyed stable labor conditions with no loss of time due to disputes. Boat-building and repair yards were reported active throughout the year.

COUNTY AGENT'S NOTES

O. Q. SWORDS
County Agent

Practically everybody is in favor of conservation but some have only a hazy idea of how they are involved.

Everybody who eats food, uses water, lives in a house, and wears clothes depends on soil and water conservation," said Otho Rester, Rt. 3, Picayune, Mississippi, chairman of Hancock County soil conservation district.

"You can see that is everybody, not just the farmers who produce food, the manufacturers who utilize the farm's raw products, the builders who use wood — or the city officials who are responsible for maintaining pure and adequate water supplies for home and industrial use."

For the first time, according to Mr. Rester, many people who are earnestly concerned with conservation will have an opportunity to actively support the cause.

During May and June, the Mississippi Association of Soil Conservation District Commissioners is conducting a statewide membership campaign, carried on at the local level by districts who comprise the association. Hancock drive began in June.

The ranks are being opened to laymen as associate members at \$5 apiece, and to business firms, organizations and groups as affiliate members and \$25 up, depending upon their option.

Brochures now being circulated in the county explain the function of the state association which helps the districts coordinate their efforts in selecting and promoting conservation objectives on a state and national basis.

Mr. Rester advised that the state association carries on a program of information and education through a monthly news letter to stimulate interest in conservation.

The association also works with schools officials. For the past two years the education committee has maintained a booth during the annual Mississippi Education Association convention in Jackson, and has aided in preparing and distributing thousands of pamphlets and teaching aids to teachers.

Recently the state forestry committee developed plans for forest advisory committees, composed of representatives from wood-using industries, bankers, professional foresters, woodland owners and operators and civic clubs. These committees to be organized at local, area and state level, will work on solution to forestry problems.

The state water resource committee has stimulated interest in development through state-supported basin-type districts like the Tombigbee and Pat Harrison, and through small watershed projects financed with federal assistance.

Small cents of every dollar we obtain through membership at the local level will remain in our county," said Mr. Rester. "The rest will go to the State Association."

"Many people do not realize that the districts do not receive one penny of state appropriation. Although they are actually units of state government, neither does the State Association receive a cent of state appropriation. Although it comes out of the state level, it is not a state agency. The friends of soil and water conservation will be glad to have the opportunity to promote the best opportunity to conserve the land and water resources of our state."

Mississippi Pioneered In Cooperative Extension Work Service

The cooperative Extension Service branch of Mississippi State University pioneered with several important national "firsts" in developing a unique system of informally teaching agriculture and home economics to large numbers of persons of all ages.

This movement in several states grew out of a strong desire at the beginning of this century for a better way of life in rural areas. The arrival of the boll weevil from Texas and Louisiana further stimulated it.

Early "agricultural extension" in Mississippi was the Farmers' Institute. Off campus short courses were conducted by professors from the then Mississippi A. & M. College.

In 1903 the nation's first farm demonstration was established on the farm of Walter C. Porter about 30 miles east of Dallas, Texas, by Dr. Seaman A. Knapp of the U. S. Department of Agriculture. This plan quickly spread through Texas and the South.

Mississippi's first three farm demonstrators were in 1905 doing essentially what later became the Extension Service. They were W. M. Bamberg of Natchez, Col. W. R. Beatty of Grenada, and Col. J. E. Adger of Grenada.

An event comparable in National importance to the Porter farm demonstration took place in 1907 in Holmes County, Miss. The Federal government, through Dr. Knapp, first sponsored a rural youth organization. This was a Boy's Corn Club, then Holmes County Corn Club. Smith, then Holmes County superintendent of schools, later state superintendent of education, and finally president of Mississippi State College.

The more than 100 boys in the original Holmes County Corn Club followed scientific corn-growing recommendations from the A. & M. College and the U. S. Department of Agriculture. Here, several years before the Cooperative Extension Service was established by law in its present form, was the now-familiar "three-way" cooperative relationship among federal, state and local governments.

In the fall of 1907, some of the boys had yields as high as 120 bushels per acre and exhibited their corn at a fair in Lexington which Dr. Knapp attended. Like the Porter farm demonstration, the Holmes County Corn Club idea spread rapidly to other states. This had great influence on the movement toward row crops with livestock production in the South.

In March 1908, the Mississippi legislature pioneered in passing a far-reaching act providing for county departments of agriculture. The act stated that each "County Commissioner of Agriculture

should keep in close touch with new methods from Mississippi A. & M. and the USDA. Adams County was the first to comply with the provisions of this act, employing W. D. Clayton as agent on May 15, 1908.

Mississippi's first state boys' club leader, P. P. Garner, was appointed on August 1, 1909. In that same year, the first boys' pig club in the nation was organized in Oklawaha County by W. H. Miller and Hugh Criss. This was a logical outgrowth of the corn clubs, hogs being a good to market corn. Girls' and Women's demonstration work was encouraged in 1911. In February of that year, Miss Susie V. Powell was called to Washington by Dr. Knapp to plan Girls' canning clubs. She established Tomato Clubs in Copiah and Lincoln Counties.

The Cooperative Creamery at A. & M. College was opened in September 1912.

The first cooperative shipment of mixed livestock in the state was made in 1912 from Mathiston in Webster County by County Agent C. M. Holland. By 1912, the Extension Service in Mississippi had grown to 13 women and 65 men.

In 1914 the National Congress passed and President Wilson signed the Smith-Lever Cooperative Extension Act which established the service in its present form.

The first director of Agricultural Extension of Mississippi, E. R. Lloyd, was appointed on July 1, 1915. The state headquarters for this work moved from Jackson to Mississippi A. & M. College on January 1, 1916 and has remained there.

The first baby beef clubs in Mississippi, and possibly in the nation, were started in 1915 in Madison Hinds, Warren and Jefferson Counties. Followed a little later by Tate County.

World War I mobilized the educational and organizational resources of the Mississippi Agricultural Extension Service for food production and related activities. The growing importance of the state's livestock industry became more apparent in 1918 with the federation of several livestock associations into the State Livestock Association. Developments in 1920 included the introduction of trench silos, organization of wool pool and the first dairy clubs and cotton clubs for boys.

During the late 1920's the Extension Service assisted with many rural developments, including cold storage facilities, tree planting and other forestry work, poultry improvement, continued livestock improvements, terracing, increased help in family living, and the es-

tablishment of new organizations.

In the spring of 1933, the Extension Service conducted the first flood emergency relief program. It continued to changing needs, channeling information to farmers, and challenges of World War II.

The decade of the 1930's was one of the greatest changes in Mississippi's Extension Service. The use of chemicals, new spray materials, cotton insects and other combination of "new" to raise cotton yields and improve in the value of all livestock, agricultural markets for commodities. Along with development programs for better living, not only for residents but for everyone.

The decade of the 1940's was one of the greatest changes in Mississippi's Extension Service. The use of chemicals, new spray materials, cotton insects and other combination of "new" to raise cotton yields and improve in the value of all livestock, agricultural markets for commodities. Along with development programs for better living, not only for residents but for everyone.

The decade of the 1950's was one of the greatest changes in Mississippi's Extension Service. The use of chemicals, new spray materials, cotton insects and other combination of "new" to raise cotton yields and improve in the value of all livestock, agricultural markets for commodities. Along with development programs for better living, not only for residents but for everyone.

The decade of the 1960's was one of the greatest changes in Mississippi's Extension Service. The use of chemicals, new spray materials, cotton insects and other combination of "new" to raise cotton yields and improve in the value of all livestock, agricultural markets for commodities. Along with development programs for better living, not only for residents but for everyone.

The decade of the 1970's was one of the greatest changes in Mississippi's Extension Service. The use of chemicals, new spray materials, cotton insects and other combination of "new" to raise cotton yields and improve in the value of all livestock, agricultural markets for commodities. Along with development programs for better living, not only for residents but for everyone.
